

Visit to Brno Technical University, Brno, Czech Republic From 8th to 10th June, 2022

My visit to Brno Technical University which is the largest Technical University in Czech Republic situated at the manufacturing hub known Brno City about 250 km from Capital Prague. It has over 18000 students. My meeting with Dean and Head of Electronics has paved way for our students do their Masters in Semi-Conductor. TSMC, the largest manufacturer of Semiconductor chip of Taiwan is investing over 3 billion dollars in setting up manufacturing facility in Brno. So new opportunities will open up for our students going forward
