DEPARTMENT OF MANAGEMENT STUDIE

**A Guest lecture On Careers in Finance and Investment”
On 14th August-2020**

By

Mr. Krishnakumar,

**Director and Chief Technology Officer,
APJ Custom Development SAPLABS India Pvt. Ltd. Bangalore.**

On 14th August, 2020 department of Management of Studies has conducted A Guest lecture on “Careers in Finance and Investment” by Mr. Krishna Kumar, Director and Chief Technology Officer, APJ Custom Development SAPLABS India Pvt. Ltd. Bengaluru. In this lecture covered the following

- The role of finance is central to carrying out the development and growth activities of an economy.
- Finance degree to help you understand the industry requirements and how you can navigate diverse career paths in finance to find the best for yourself!
- Study programs in finance usually include project work and internships as part of the curriculum. These avenues can provide a significant head start, presenting several opportunities for learning and networking.
- Senior-level finance jobs would require you to combine your professional insight with technical expertise and managerial skills. MBA (Finance) and MS (Finance) are two of the most sought-after courses for aspirants in this domain. Moreover, there are several certifications for those who want to uphold a standard of practice in their professional career. Learn more about
 - MBA in finance and career options.

These include Chartered Financial Analyst (CFA),
Chartered Public Accountant (CPA),
Certified Financial Planner (CFP),
Financial Risk Manager (FRM) certification and others.
